Specialist care homes for the elderly

YOU AND YOU ALONE MATTER

At Milkwood Care, we strive to provide unrivalled high standards of care in each of our stunningly beautiful homes where only you matter. We strongly believe in the total well-being of each one of our residents and aim to provide a personal, caring environment, where everything is set up and driven to maximise the happiness and well-being of residents. We aim to make life at a Milkwood home a positive life-enhancing experience in a relaxing, yet uplifting sanctuary. Castleford House is an excellent example of how we have developed and continue to achieve this.

OUR HOME IS YOUR HOME

Castleford House nursing home is a remarkable Victorian building, set in an idyllic location, near Chepstow. The interior boasts large rooms, high ceilings, and massive fireplaces, all lovingly and sympathetically refurbished - all living spaces are stylish and comfortable.

A CLOSE-KNIT INTIMATE ENVIRONMENT

Castleford House offers luxury accommodation for residents aged 65 years and over. We have a mixture of single and double rooms, the majority are ensuite, with a terrace or views onto our well-established, extensive gardens. Inside the house, residents enjoy bright and airy lounges as well as a smaller sitting room/library for quiet reading and for those who prefer a cosy, comfortable atmosphere.

There is a passenger lift and all areas are accessible for wheel-chairs. Our outside space is a delight, with its chestnut and mulberry trees and superb views over the Wye Valley. Our gardens are available to residents and visitors at all times. We have the latest technology to ensure our residents and visitors are up to date and connected during their stay here. Wifi, broadband and ipads are available for everyone to use and enjoy.

We compile a regular newsletter, packed with photos and stories, to keep residents' friends and families up to date with our activities.

We are animal lovers and welcome pets by pre-arrangement. We regularly have petting animals visit and all our residents enjoy the therapeutic benefits of stroking and talking to these furry friends.
